

CROSS LUTHERAN

PRESCHOOL
2025-2026

THINGS TO CONSIDER...

- The first and most important consideration in choosing your class is your family's schedule and needs. Your child will thrive in class when placed into the number of days and hours that you and your family are most comfortable with. When parents are confident and comfortable with their child's care, the child feels confident too.
- Parents often ask about the number of days to plan for their child. If it is possible in your family's schedule, try to build up days/length of day so that when he or she heads to kindergarten, they are ready for 5 full days of school.

CLASSES OFFERED

FULL DAY OPTIONS

3 & 4
